CORNWELLS HEIGHTS, May 12—Contract for supplying some scientific equipment and supplies was awarded last evening by Bensalem township board of school directors to the Central Scientific Company. At this meeting resignations of two teachers were also accepted.

The teachers resigning are Mrs. Marie Messinger, Cornwells Heights elementary teacher, and Miss Helen Gee, teacher at Trevose school.

Another teacher, Miss Lou Peiffer, is still under treatment at Abington Hospital.

Tentative plans were made for commencement and also for the senior vesper service. Commencement date is Tuesday, June 7th, the hour being eight o'clock. The Eddington Presbyterian Church, of which the Rev. Arthur D. Sargin is pastor, will be in charge of the vesper service on the afternoon of Sunday, June 5th. The hour for this service will be four o'clock, it being held in the high school auditorium.

Many of the questionnaires which were recently circulated among parents of Bensalem school pupils have been returned. Results were summarized and presented to the board last evening.

A school bus will be used on May 21st to transport members of the school safety patrol to Shibe Park, Philadelphia, for the Athletics-Detroit game. At this game the Keystone Automobile Club and the "A's" cooperate to give many Safety Patrols a grand time.

Robert B. Vansant was presiding officer, all members being present at the May session.

THURSDAY, MAY 12, 1949

MEN FOLLOWED HER

When 27-year-old Judith Cop-

on was arrested by the FBI on

spionage charges in March, news

services described her as "plain."

They may yet yield to tradition

and call her beautiful, but so far

the strongest adjective used is

'attractive.'

Be that as it may, testimony

at her trial in Washington reveals

that she had a lot of men following

her.

Most of them if not all, were

FBI agents. The bureau had 20

agents working on her case after

she was suspected of taking secret

information encountered in her

work for the Department of Justice

and passing it on to Valentine

A. Gubitzhev, Russian employee

of the United Nations.

The FBI's testimony shows

that she met Gubitzhev, but

show that she met Gubitzhev, but

Miss Coplon has admitted that

she often met him "socially," and

her attorney has hinted that the

Russian intended to divorce his

wife and marry her.

She has also admitted taking

copies of documents, which she

says she intended to use only as

source material for a novel about

a government girl.

What the FBI's shadowing

testimony seems aimed to prove

is that her "social" meetings with

Gubitzhev involved elaborate

melodramatic precautions. One

agent took out a map of the Wash-

ington Heights area of Manhattan

and traced a course in which Miss

Coplon walked to a corner, turned

left, turned left at another corner,

retraced her steps, turned left

again, turned right, turned right

again, entered a drugstore, turned

a few more times, and finally met

Gubitzhev in front of a cigar store.

They had lunch together, and

ook the subway. Gubitzhev sud-

denly dashed out to a local train,

but his FBI shadow followed suit.

Quite a life for a "plain" girl.

MORE MAIDS?

The man who complained that he

the sun never shines at night,

when it is needed most, was re-

placed during the war by the

woman who wailed that maids

were never plentiful when people

could afford them.

Conversely, the recent dip in

employment and other indexes is

now beginning to reduce the

shortage of domestic help that has

continued since the war, accord-

ing to the New York Labor De-

partment.

The reason is obvious. Domes-

tic service does not rank high

either in pay or in working condi-

tions. Hence it is more sought

after when jobs are harder to get

—when fewer families can afford

maids. No housemaid, for in-

stance, is looking forward to a

fourth round of wage increases

or demanding that her employer

set up a pension fund.

Every change in the economic

cycle hurts some persons and

benefits others. Those who stand

to benefit—in this case the house-

wives—are not responsible for

the fluctuations and need not

feel guilty. Nevertheless, their

good fortune means somebody

else is out of a job.

night than Tuesday, so it wouldn't interfere with PTA meetings. Since co-operation couldn't be secured, said Mr. Weir, the PTA executive committee decided to put on its own television show—which it proceeded to do.

First talent scout was Ernst Heizman, who introduced his daughter Shirley. Shirley played a medley of songs on the accordion. Mrs. Williams, the next talent scout, introduced a woodwind trio and Donald Zarr, who played the trombone.

Mrs. A. E. Macon said she had discovered a "minutes reading" expert—Mrs. John Mladjen—who read the minutes of the April meeting. Bob Hance then introduced Nancy Nielsen, who played Schubert's "Impromptu" on the piano. Following this, Mrs. Weir introduced her talent discovery, Mrs. Cynthia Coates, who did a humorous monologue of a woman making her first speech before a PTA meeting.

As the next scout, Millwood Mather introduced Robert May, borough engineer for Langhorne and Yardley, who played a number of popular piano selections. Finally, Mrs. Cooley introduced her husband, Charles Cooley, and two of his pupils—who played several selections on the guitar. Members of various PTA committees also did a skit of a meeting of the PTA in 1939—for which Mr. Weir wore a white beard.

Mr. Wear brought the meeting and the season to a close, acknowledging support various merchants had given during the year by donating prizes for the meetings. The final prize, worth \$5 in merchandise, was won by Mrs. John Mladjen, who held the lucky name tag from the April meeting.

Dr. Oliver Heckman, who had opened the 1948-49 season, was then called on. He stressed the fact that school facilities at any time can be no better than the demands made by parents, and he ex-

pressed the hope that, through activities of the PTA, Langhorne-Middleton will soon enjoy "the kind of modern school facilities it requires for constantly increasing student enrollment."

Refreshments, ice cream, cake and coffee, were served in the cafeteria.

TRENTON CATHOLIC AGAIN WINS TRIANGULAR MEET FROM BRISTOL AND MORRISVILLE TRACK TEAMS

MORRISVILLE, May 12 — Trenton Catholic did it again. The Jersey school defeated Bristol and Morrisville in a triangular meet on the track here yesterday afternoon for the second time this season. Bristol High was the host school, the meet originally being scheduled for Bristol but shifted to Morrisville due to the Bristol field being reconditioned.

Final scores were: Trenton Catholic, 88 1/6; Bristol, 63 1/3; and Morrisville, 28 2/3.

Bristol and Catholic were deadlocked in the number of first places with five each. Morrisville had two firsts, Bob Felver getting both of these. Catholic actually won the meet by its points scored in second and third places.

Coach McClester's team lost the meet when the finals of the discus throw were tabulated by "Charlie" Utz. Trenton Catholic scored 14 points in this event, winning the first four places. The broad jump saw the Jersey school rack up 12 points, capturing the first three places.

Bristol's best events were the high jump and javelin throw. Henry Konefal won the high jump with Rich taking the javelin throw. Both Harry Ratcliffe and Paul Fleischer, Morrisville, had a bad day. Ratcliffe, of the Warriors, who on Saturday had pole vaulted ten feet, six inches, went down after making 10' 2". Fleischer who had 10' 4" on Saturday, also dropped out at 10' 2". Ratcliffe and Fleischer also were counted upon to right it out in the high jump but both went out on 5' 2".

Herman "Whitey" Welker who finished in one of the heats of the 220 was forced to withdraw from the finals when he became ill.

Bob Felver, Morrisville, won the 100-yd. dash and 220 and finished fifth in the broad to account for 11 of his team's points. Bill Lindenthal chalked up 13 points for Trenton

JEFFERSON A. C. WINS CLOSE GAME FROM ESTATES IX

In a nip and tuck battle on Memorial Park field last evening, the Jefferson A. C. eked out a close win over the improved Fleetwing Estates contingent in a Suburban Softball League contest. Final score was 6-5.

The lead changed several times during the tilt. Estates had the first edge 3-1 and kept it until the end of the second. It then tied the score at 4-4 in the fifth and Jefferson scored another run and went ahead 5-4. Again the Estaters deadlocked the score at 5-5 at the beginning of the sixth.

In the last half of the sixth, Jefferson scored what proved to be the winning marker. Tony Cauti started the proceedings with a double to left. Peltz flied out to right, Cauti going to third. Barnes failed to stop DeLissio's grounder and Cauti crossed the platter.

With two gone in the first part

of seven, Larry Harrison tried to get things going for the Estates' team by singling to left. But he was stranded as Frankie Balaz flied out to the first-baseman and Gene Fanini's long fly was basketed by Ed Hunter in left.

Fleetwing Estates gave the game away in the second inning when it committed five errors and these mixed with a single by Ferraro accounted for a trio of Jefferson runs.

Vito Marsegilia was the winning moundsman, he being nicked for nine hits. Ritter who hurled for the losers gave up five hits, two going to Tony Palumbo. Of the nine Fleetwing hits, Balaz and Harrison had a double and single each.

Tonight's schedule calls for St. Ann's meeting Fifth Ward on Memorial Park field and Franklin playing Tullytown on the latter's field along Bordentown Road. Tullytown

152' 5" — throw 1st. Don Woodward, T. C.; 2nd, Zierland, T. C.; 3rd, St. Ann's, T. C.; 4th, Callahan, T. C.; 5th, Charles Long, Bristol. Distance 102' 6".

REPAIR HOUSEHOLD FURNISHINGS: THUS PROLONG USEFULNESS

By Frances Vanney

(Home Economics Representative)

It is good economy of time and energy to go over furniture, equipment and furnishings to see what repairs are needed to preserve the life of these important household items. Make such repairs before the rush of spring house cleaning and gardening.

Among the tasks that may be done is the repairing of furniture. Chairs can be reseated, and spring-filled cushions and sagging overstuffed furniture can be made as good as new. New finishes are advised on worn wooden furniture and the making of slip covers for overstuffed furniture will bring cheer into a room.

Take an inventory of the household linens. Extend the life of these linens by sewing up tears, patching, reinforcing thin places, and changing seams. Stitch the good ends of discarded sheets together to make one good sheet, or add to sheets too short to tuck in well under the mattress. Cover frayed blanket edges

with new binding and stitch on by hand or by machine.

Go over your equipment, clean the closets, drawers, and shelves where they are kept. Put within easy reach those things in good working condition which are often used. Store seldom-used articles in less important spaces and then discard anything not usable.

Stacks of newspapers and magazines collect in many homes. They not only collect dust but they become a fire hazard. Turn these over to the salvage authorities.

Hems should be even, flat, and

RECOMMENDS PROPER HEMMING FOR VERY SMART APPEARANCE

By Frances Vanney

Home Economics Representative

The smart appearance of a garment is often marred by an unsightly, uneven, poorly-made hem. Sagging or bulky hemlines can be improved if home dressmakers will follow a few simple suggestions for putting in hem.

Hems should be even, flat, and

smooth, with the hemming stitches barely noticeable from the right side of the garment. If the dress is made at home, the hemline is more likely to remain even if the garment is allowed to hang for a day before marking the hem. This is especially necessary for the full circular skirts since the bias part of the skirt will stretch down more than the parts on the straight of the material.

A skirt marker is recommended or have someone mark the hemline with pins. Pin the hem up

after it has been hung to see if the length is correct.

After checking the length, turn up the hem to the line of the marking. Run basting stitches about a quarter of an inch from the folded edge. Press fold of hem on the inside, but don't stretch the lower edge of the hem. Press the entire hem so it will lay flat. Trim off much of the extra fullness by placing heavy paper between the hem edge and the skirt before

Then run a machine gathering pressing. stitch about one-fourth inch from

the raw edge. Draw up the material until the hem edge fits inside the skirt. Press well. Stitch seam binding to hem edge and use a slightly loose, not too close, hand hemming

stitch to finish the hem. It is also possible in wool material to shrink

skirts. For cotton and rayon skirts, turn the hem edge up and stitch

again and hem by hand.

Never before do so many owe so much to those little Want Ads.

MOST OF APPLICANTS TAKING 2ND VENTURE**Large Number Seeking Licenses To Wed Had Previously Been Married****20 FROM BRISTOL**

DOYLESTOWN, May 12.—Figures gleaned from April marriage license list for Bucks County show that the larger group was made up of persons who had been married previously.

Of the 100 licenses recorded in the Orphans' Court in the County Seat, 45 of the bridal candidates had said "I do" once before, 17 of the men and 11 women having turned in divorce papers and seven men and 10 women having lost a mate to the Grim Reaper.

In the underage group, there were three brides-to-be aged 16; 10 aged 18, five were 19, and four were 20. The male group showed two young grooms of 18, 3 of 19, and 3 of 20 years of age.

And while Doylestown proper provided a high total of 14 golden arrow conquests, Cupid snared a still higher 18 from Quakertown for upper county honeys, with Bristol again taking the entire county laurels with 20 middle aisles.

List of other towns show that 10 marriage candidates came from Langhorne, while Sellersville gave six to the altar and Perkasie seven. Four were from Upper Black Eddy, three each from Croydon and Morrisville, two each from Souderton, Plumsteadville, North Wales, Hatboro, New Hope, Parkland, Argus and Pennsburg.

Philadelphia, as usual, provided the greatest number of altar aspirants, with 23 women and 21 men, and, running for State honors, New Jersey also did the usual thing by heading the list, with 13 brides and grooms. Two each came from New York, Ohio and Washington, D. C., and one each from Indiana and Tennessee.

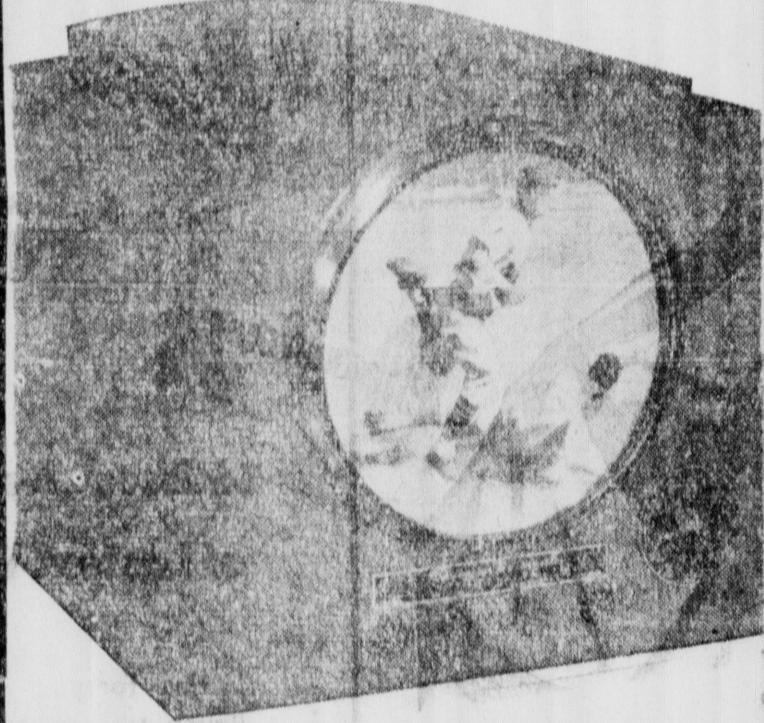

On the records from Bucks were

also one each from Hulmeville, Hilltown, Forest Grove, Chalfont, Tullytown, Yardley, Andalusia, Dublin, Cornwells Heights, Nemahiny, Pennel and Davisville.

JUNIOR HIGH NINE TIES GAME WITH GEORGE SCHOOL

Bristol Junior High and George School Junior High battled to a 4-4 deadlock yesterday afternoon on Memorial Park field. The game was called at the end of the seventh period.

Bristol had five hits in the contest while George School had eight. The Junior Warriors were leading until the seventh when the visitors scored twice to tie the score.

Coach Ben Watson's team registered two runs in the second. Petrizzi and Ireland got base hits. After Corrigan tied out, Jack Seifert walked to fill the bases. Reca struck out. Loud singled to left, scoring Petrizzi and Ireland while Seifert went out trying for third.

The Warriors tallied twice again in the fifth, Charlie Brady walked and after Petrizzi was tossed out, Ireland was passed. When Corrigan hit safely, the bags were again populated with Warriors. Seifert and Reca were given free tickets to first, forcing in two runs.

Emma Koder Estate Is Listed \$3500 Real Estate, \$3671 Personal

THE BRUCE ESTATE

DOYLESTOWN, May 12.—Real estate and personal estate, listed at \$3500 and \$3671, respectively, is cared for in the will of Emma Koder, late of Springfield township. Mrs. Koder, who died March 27th, named a sister, a son and grandchildren as the beneficiaries.

In a will written June 10, 1947, the testatrix directed that her sister, Carrie Snyder, inherit \$500. Each grandchild was given \$500 and a son, George J. Koder, who was named executor, was given the residue. Real estate consists of a house and lot and is located in Springfield.

In a two page holographic will, consisting of two single sheets with ruled lines, John R. Gould, Jr., Morrisville, named his widow, Mary R. Gould, 315 Stockham ave., the heir.

The will was written in pen and ink Dec. 21, 1947, and the testator died January 26 this year. The personal estate was valued at \$10,000.

Three children, Jacob F. Foster, Florence E. Foster Lewis and Edward M. Foster, will inherit the \$2,000 personal estate of their father Everett B. Foster, Morrisville. The will was executed Oct. 11, 1944, and the testator died April 7. The children were named executors.

Mrs. Catherine Worrell, Kintnersville, RD, was named the sole beneficiary of the \$1500 personal estate left by her husband, Henry Lee Worrell, Springfield twp. The will was made July 24, 1930, and the testator died April 3.

That frequent requests are received for such literature was made known. The society, it was pointed out, would like to have funds available to cover cost of publication of such a pamphlet.

Suggestion was made, that should such pamphlet be possible, that the more important scenes and sites at present unmarked and unlisted, be included, provided they meet tests of uniqueness and accessibility to the motoring public.

TULLYTOWN, May 12.—"This is the first bed I've had to sleep in in 7½ years!"

Such was the comment of one of the men who has known little but prison or displaced persons camps since the start of World War II, and who has arrived with other "D. P.'s" at the Starkey Farms here to earn a livelihood in a new land.

Forty-eight of them—men, women and children—the group made up of approximately 12 to 14 families from the Ukraine, are showing their appreciation for a new start by a house-cleaning, the like of which few housewives give their own homes each spring and fall. The small bungalows assigned to the group, and the large house turned over to several of them to become their homes, are all in for a scrubbing from the roofs to the floors.

The next request, of some, once they are settled, according to the general superintendent of Starkey Farms, John New, Jr., is for paint with which to make the interior and exterior glisten.

"Right now, with warm weather arriving, they are showing an interest in their garden plots. A few acres have been turned over to them for family gardens, and each is interested in planting seeds," commented Mr. New, who adds that the desire for gardens of their own stems from the fact some vegetables

"SUCCESS OF CHURCH CAN BE MEASURED BY NUMBER OF YOUNG PEOPLE ENROLLED"

AT NEW BRITAIN

NEW BRITAIN, May 12.—At the 70th semi-annual meeting of the Buxmont Union of Baptist Churches at New Britain, here, Tuesday, the Rev. E. H. Stady, pastor of New Britain Baptist Church, was elected moderator, to succeed the Rev. Bruce Mathewson, of New Britain.

Over 200 delegates attended the afternoon and evening sessions, representing 19 churches. Other officers elected include: Frank Robinson, North Wales, vice moderator; Mrs. George Erdman, Colmar, secretary; and Eldon Reichenbach, Lansdale, treasurer.

The importance of training the young people today to carry on the work of the church, was emphasized by the main speaker at the convention, the Rev. Lehman Strauss, pastor of Calvary Baptist Church, Bristol.

The success of any church today can be measured by the number of young people it has enrolled and who are working in the interests of Christianity," the Rev. Mr. Strauss declared.

Dr. Howard K. Williams, pastor of Alpha Baptist Church, Philadelphia, was another speaker.

Cites Need For Co. Historical Pamphlet

Continued from Page One

President Barnsley said, "Such a project, along with the quarterly magazine and several other contemplated publications, cannot be considered, however, until the personnel of the active staff is enlarged. A book cataloguer must first be added before an editor can be employed."

President Barnsley reported that a number of improvements had been made to the museum during the past year, and to the grounds as well.

He also reported that 35 important historical markers have been erected in the county. Seventeen markers are to be found along the route of the former Delaware Division of the Pennsylvania Canal at various places between Bristol and Durham; six along the route of the 1737 Walking Purchase, and in numerous other places.

President Barnsley said that although no new publications are being considered because of financial reasons, at this time, the officers are taking steps by re-issuing some of the late Dr. Henry Mercer's more successful papers that are now out of print. His "Ancient Carpenter's Tools" is in great demand, Barnsley reported. It is the intention of the society to have the book of 325 pages republished at the earliest opportunity.

The society is also planning to reprint in facsimile edition by the photo-offset process, Dr. Mercer's two distinctive pamphlets, "The Dating of Old Houses in the United States".

The president reported that on February 1, this year, after 2½ months of negotiating, the new card catalog cases arrived and were installed on each side of the entrance into the main library, at a cost of \$987.65. The capacity of the 120 drawers is estimated at 180,000 cards.

The next equipment to be purchased for the library will be new shelving for the bound newspapers, the president reported. "These have accumulated to such a degree that it will be necessary to practically double the facilities in this department in order to take care of all those volumes that are presently bound and stacked on the floor for lack of a better place to store them." And at the same time, ample room should be allowed for future expansion. One of the greatest treasures in our library is this incomparable collection of county newspapers, and they must all be properly shelved to be preserved, even if it is extremely costly to do so.

"Where the money is going to come from, though, is another matter. In pre-war days, income from the Mercer Trust Fund was more than ample to run the museum and leave a surplus depending in size according to how many specimens were purchased. But today income from this source is reduced to such a small figure that it only pays about half of the operating expenses. Consequently, money must be frequently transferred from other funds over to the Mercer Fund to keep the museum going. With expenditures restrained to bare necessities, the Mercer Fund currently pays only half of the cost of operating the museum. If it were not necessary then to make up this deficit, there would be no question regarding our financial ability to buy these prospective newspaper cases as well as do a great many other things on the agenda."

During the business meeting, attended by 50 members, three directors were re-elected, John H. Buckman, Doylestown, Rd.; Curator Horace M. Mann, Doylestown, and Mrs. H. W. Turner, New Hope.

Twenty-three were elected to membership.

MORE MAIDS!

The man who complained that the sun never shines at night, when it is needed most, was replaced during the war by the woman who wailed that maids were never plentiful when people could afford them.

Conversely, the recent dip in employment and other indexes is now beginning to reduce the shortage of domestic help that has continued since the war, according to the New York Labor Department.

The reason is obvious. Domestic service does not rank high either in pay or in working conditions. Hence it is more sought after when jobs are harder to get—when fewer families can afford maids. No housemaid, for instance, is looking forward to a fourth round of wage increases or demanding that her employer set up a pension fund.

Every change in the economic cycle hurts some persons and benefits others. Those who stand to benefit—in this case the housewives—are not responsible for the fluctuations and need not feel guilty. Nevertheless, their good fortune means somebody else is out of a job.

not than Tuesday, so it wouldn't interfere with PTA meetings. Since co-operation couldn't be secured, said Mr. Weir, the PTA executive committee decided to put on its own television show—which it proceeded to do.

First talent scout was Ernest Heizman, who introduced his daughter Shirley. Shirley played a medley of songs on the accordion. Mrs. Williams, the next talent scout, introduced a woodwind trio and Donald Zarr, who played the trombone.

Mrs. A. E. Macon said she had discovered a "minutes reading" expert—Mrs. John Mladjen—who read the minutes of the April meeting. Bob Hance then introduced Nancy Nielsen, who played Schubert's "Impromptu" on the piano. Following this, Mrs. Weir introduced her talent discovery. Mrs. Cynthia Coates, who did a humorous monologue of a woman making her first speech before a PTA meeting.

As the next scout, Millwood Mather introduced Robert May, borough engineer for Langhorne and Yardley, who played a number of popular piano selections. Finally, Mrs. Cooley introduced her husband, Charles Cooley, and two of his pupils—who played several selections on the guitar. Members of various PTA committees also did a skit of a meeting of the PTA in 1989—for which Mr. Weir wore a white beard.

Mr. Weir brought the meeting and the season to a close, acknowledging support various merchants had given during the year by donating prizes for the meetings. The final prize, worth \$5 in merchandise, was won by Mrs. John Mladjen, who held the lucky name tag from the April meeting.

Dr. Oliver Heckman, who had opened the 1948-49 season, was then called on. He stressed the fact that school facilities at any time can be no better than the demands made by parents, and he ex-

pressed the hope that, through activities of the PTA, Langhorne-Middletown will soon enjoy "the kind of modern school facilities it requires for constantly increasing student enrollment."

Refreshments, ice cream, cake and coffee, were served in the cafeteria.

ANDALUSIA

Ralmar," owned by Mr. and Mrs. William Moore, took second place; and "Countess of Ruthwilt," owned by Mr. and Mrs. William L. Williams, Eddington, placed third.

Mr. and Mrs. Martin Mehan entertained at a party on Saturday afternoon in honor of their daughter Carol, who was six years old. Prizes were won by Gloria Robinson, Virginia Bennett and Lee Jackson for games. The children were delighted with favors of baskets filled with nuts and candies. The guest of honor received many gifts. Those attending: Gloria and Joan Robinson, Beverly Radecki, Lee Jackson, Arlene and Vinnian Biddington, Linda Gaugler, Mary Hodgson, Sandra Junghans, Richard F. Brackin, Jr., Dorothy Ann Berko, "Judy" and Barbara Mehan.

48 "DP's" Working At Starkey Farms

Continued from Page One
not grown commercially by the
Starkey Farms are desired, such as
potatoes, etc.

Very few of the group have any
knowledge of the English language,
according to the manager. About
eight of the men understand Eng-
lish fairly well, and a few speak
it to a degree. But they are quickly
learning American ways in their
new land.

Services of the Ukrainians were
secured through the American-
Ukrainian Relief Society in Phila-
delphia. For the past six weeks a
few have been arriving each week.
"They do most of the jobs on the
farm, with the exception of oper-
ating the mechanized apparatus,"
stated Mr. New, who hastened to
add that later on a number will
possibly try out for work of that
type. They harvest vegetables,
work in the packing sheds, help
load the trucks, and two are car-
penters. All, with the exception of
the children, are on the payroll;
making about 40 men and women
who for a long time did not know
what payday was, able to buy not
only the necessities but what are
to many some of the luxuries of
life.

According to Mr. New, some are
fairly well educated. For the most
part the families have been as-
signed to the small bungalows on
the farm, with a few family units
living in one of the larger farm-
houses. One family of four, shown
to a bungalow containing three
rooms and bath, inquired "Which
room is ours?" To them three whole
rooms proved a luxury beyond
belief.

Ages of the adults runs between
25 and 40, officials at the farm
state, and their health is listed as
"good," possible explanation of
offered for this being thorough
"screening" before they left Eu-
rope. "Their main desire seems to
consist of starchy foods—rice, pota-
toes and bread," according to a
company spokesman. At the Star-
key Farms store they are able to
buy these and other products, and
soon will augment their purchases
with vegetables from their own
garden plots.

"They had practically no cloth-
ing, other than what they wore,
when they arrived," states Mr.
New. "Some had a few blankets;
and some brought a few cooking
utensils and dishes, probably repre-
senting what little 'wealth' they
had."

Their "leisure" hours are filled
for the most part with fixing up
their new homes; painting; planting
and weeding their plots.

This is the first year that Starkey
Farms Company has assigned tasks
to displaced persons from Europe.
In some previous years some
Jamaicans were brought to this
country. Speaking of the "D. P's"
officials of the farms were pleased
with their work, effort, and interest,
all of which was termed "satisfac-
tory."

Fiancee of Localite Given Shower At Hampton Home

A miscellaneous shower was given in honor of Miss Dolores Foerst, of Philadelphia, on Tuesday evening by Miss Ida Hampton and Mrs. Robert Mackay at the home of Miss Hampton's parents, Mr. and Mrs. Frank Hampton, of Buckley street. The color scheme was in rainbow colors. A watering can was suspended from the center of the living room ceiling and streamers flowed from this to gifts. Refreshments were served to guests from Morrisville, Hulmeville, Philadelphia and Bristol. Miss Foerst's wedding to Earl Hampton will take place May 21st in Bristol Methodist Church.

Today's Quiet Moment

By the Rev. Herman Doh
Pastor
Andalusia Baptist Church

Our Almighty God, Who holds the universe in the hollow of Thy hand, we thank Thee for the transcending love and grace which has stooped to lift fallen humanity, and transplant the sons of men from the kingdom of darkness into the kingdom of life and light. Through faith in Thy dear Son we inherit all these things. All praise to Him, Amen.

SHOPPING TIPS FOR BUDGETEERS

BBATTLE THOSE MOTHS! Now is the time to stock up with tight clothes bags and the best of moth sprays, or the moth creatures will eat you out of vools and fur! Snellenburgs' Novelties Dept. is ready for the fray. Among other moth repellents they have a large stock of famous "Moth Gas" in both crystal and liquid-spray form. You can buy "Moth Gas" at from \$3.95 to \$4.50. It kills even the destructive larvae and is easy to put on because a temporary frosty appearance lets one see how much of an article is really covered. The slight, pleasant odor quickly disappears in the air. The same company supplies tight, heavy paper storage bags at from \$3.95 to \$4.95 each. (1st fl.)

IMPORTED WEDDING You never saw smarter nor more comfortably cool footwear than the ankle-strap sandal-straw wedges that are a summer "must" for every wardrobe. Those in Snellenburgs Shoe Dept. are darling! They just came from Haiti. Wear them for shore, country or city. Those I saw were in natural white brown trim, brown with natural trim. They come as small as 3's, as large as 9's. What more could you ask? Believe it or not, these flats cost but \$3.98! (1st fl.)

MAKE THEIR DRESSES Making the small folks' clothes is a good way to practice for making your own. And think of the money you can save all around. Wander into Snellenburgs' Cotton Yarn Goods Dept. — do it quickly and see the sweet Galey & Lord ginghams. Want to bet you won't come out with two or three small dress-lengths? They're Sanforized, too, and so grand to launder. 36 ins. wide, \$1.19 a yard. Good luck. (2nd fl.)

HEAVENLY COFFEE, or is it ambrosia? Either way, for my money "Selco" is the grandest brew to hit these shores since before the war. You coffee experts will know it couldn't be otherwise with the following blend — Mocha, Java, Colombian and some additional fine Brazilian berries. Different grinds in vacuumed jars. "Selco" folks say — "use half the amount for a brew twice as good!" Cheap at 65¢ a pound at Snellenburgs' Chestnut St. Coffee and Tea Counter. (1st fl.)

P.S. Do send clippings with mail orders when you can! Phone free (5c, 10c, and 15c out-of-town calls only). Penna. — R.N.T. 10160; Jersey — W.X. 1150. Shop located Market, 11th to 12th Sts., Phila. — through to 1125-29 Chestnut St. Coffee and Tea Counter. (1st fl.)

REPAIR HOUSEHOLD FURNISHINGS; THUS PROLONG USEFULNESS

By Frances Vannoy

(Home Economics Representative)
It is good economy of time and energy to go over furniture, equipment and furnishings to see what repairs are needed to preserve the life of these important household items. Make such repairs before the rush of spring house cleaning and gardening.

Among the tasks that may be done early is the repairing of furniture. Chairs can be reseated, and spring-filled cushions and sagging overstuffed furniture can be made as good as new. New finishes are advised on worn wooden furniture and the making of slip covers for overstuffed furniture will bring cheer into a room.

Take an inventory of the household linens. Extend the life of these linens by sewing up tears, patching, reinforcing thin places, and changing seams. Stitch the good ends of discarded sheets together to make one good sheet, or add to sheets too short to tuck in well under the mattress. Cover frayed blanket edges

with new binding and stitch on by hand or by machine.

Go over your equipment, clean the closets, drawers, and shelves where they are kept. Put within easy reach those things in good working condition which are often used. Store seldom-used articles in less important spaces and then discard any thing not usable.

Stacks of newspapers and magazines collect in many homes. They not only collect dust but they become a fire hazard. Turn these over to the salvage authorities.

Fortune smiles on those who make a habit of reading Courier Want Ads.

Now She Shops "Cash and Carry" Without Painful Backache

When discarded kidney function poisons matter to you in your blood, it may cause nagging backache, rheumatic pains, leg pains, loss of pep and energy, getting up nights, swelling puffiness under the eyes, aches, and stiffness. Frequent or scanty passes with smarting hot burns sometimes shows there is something wrong with your kidneys or bladder.

Don't wait! Ask your druggist for Doan's Pill, a stimulant that has been sold by millions for over 50 years. Doan's Pill gives happy relief and will help the 15 miles of kidney tubes flush out poisonous waste from your blood. Get Doan's Pill.

RECOMMENDS PROPER HEMMING FOR VERY SMART APPEARANCE

By Frances Vannoy

(Home Economics Representative)
The smart appearance of a garment is often marred by an unsightly, uneven, poorly-made hem. Sagging or bulky hemlines will be improved if home dressmakers will follow a few simple suggestions for putting in hem.

Hems should be even, flat, and

smooth, with the hemming stitches barely noticeable from the right side of the garment. If the dress is made at home, the hemline is more likely to remain even if the garment is allowed to hang for a day before marking the hem. This is especially necessary for the full circular skirts since the bias part of the skirt will stretch down more than the parts on the straight of the material.

A skirt marker is recommended or have someone mark the hemline with pins. Pin the hem up

after it has been hung to see if the length is correct.

After checking the length, turn up the hem to the line of the marking. Run basting stitches about a quarter of an inch from the folded edge. Press fold of hem on the inside, but don't stretch the lower edge. Press the entire hem so it will lay flat. Trim off the excess material if necessary.

Then run a machine gathering

stitch about one-fourth inch from

the raw edge. Draw up the material

until the hem edge fits inside the skirt. Press well. Stitch seam binding to hem edge and use a slightly loose, not too close, hand hemming

stitch to finish the hem. It is also possible in wool material to shrink out much of the extra fullness by placing heavy paper between the hem edge and the skirt before

turning the hem edge up and stitching again and hem by hand.

Never before do so many owe so much to those little Want Ads.

Large Number Seeking Licenses To Wed Had Previously Been Married

20 FROM BRISTOL

DOYLESTOWN, May 12.—Figures gleaned from April marriage license list for Bucks County show that the larger group was made up of persons who had been married previously.

Of the 100 licenses recorded in the Orphans' Court in the County Seat, 45 of the bridal candidates had said "I do" once before, 17 of the men and 11 women having turned in divorce papers and seven men and 10 women having lost a mate to the Grim Reaper.

In the underage group, there were three brides-to-be aged 16; 10 aged 18, five were 19, and four were 20. The male group showed two young grooms of 18, 3 of 19, and 3 of 20 years of age.

And while Doylestown proper provided a high total of 14 golden arrow conquests, Cupid snared a still higher 18 from Quakertown for upper county honeys, with Bristol again taking the entire county laurels with 20 middle sisters.

List of other towns show that 10 marriage candidates came from Langhorne, while Sellersville gave six to the altar and Perkasie seven. Four were from Upper Black Eddy, three each from Croydon and Morrisville, two each from Souderton, Plumsteadville, North Wales, Hatboro, New Hope, Parkland, Argus and Pennsburg.

Philadelphia, as usual, provided the greatest number of altar aspirants, with 23 women and 21 men, and, running for State honors, New Jersey also did the usual thing by heading the list, with 13 brides and grooms. Two each came from New York, Ohio and Washington, D. C., and one each from Indiana and Tennessee.

On the records from Bucks were

also one each from Hulmeville, Hilltown, Forest Grove, Chalfont, Tullytown, Yardley, Andalusia, Dublin, Cornwells Heights, Neshaminy, Pennel and Davisville.

JUNIOR HIGH NINE TIES GAME WITH GEORGE SCHOOL

Bristol Junior High and George School Junior High battled to a 4-4 deadlock yesterday afternoon on Memorial Park field. The game was called at the end of the seventh per agreement.

Bristol had five hits in the contest while George School had eight. The Junior Warriors were leading until the seventh when the visitors scored twice to tie the score.

Coach Ben Watson's team registered two runs in the second. Petrizzzi and Ireland got base hits. After Corrigan flied out, Jack Seifert walked to fill the bases. Reca struck out. Loud singled to left, scoring Petrizzzi and Ireland while Seifert went out trying for third.

The Warriors tallied twice again in the fifth. Charlie Brady walked and after Petrizzzi was tossed out, Ireland was passed. When Corrigan hit safely, the bags were again populated with Warriors. Seifert and Reca were given free tickets to first, forcing in two runs.
